Microbreweries

Ukiah is also home to award-winning pioneers of the microbrew world. Ukiah Brewing Company, located in the heart of Historic Downtown Ukiah, was the nation’s first certified organic brewpub/restaurant in 2001. Mendocino Brewery, also located in Ukiah, opened the first brewpub after Prohibition in California in 1983.

**Ukiah Brewing Company & Restaurant** – On State Street, a wide range of live music and organic food can be enjoyed at the Ukiah Brewing Company, a brew pub next to the county courthouse. The menu reflects the eclectic American taste for everything from ravioli and bison burgers to wild seafood and primo pizzas. The brewpub prides itself on using the freshest organic ingredients possible, which in-turn produces the freshest, best-tasting beer attainable. A variety of ales and lagers, including stout, porter and India pale ale are brewed with organic
barley at the brewery. The restaurant features both local and touring musicians and a special brunch menu. Open Daily. 102 South State Street, Ukiah. To check out what’s happening during your stay, call (707) 468-5898 or go to www.ukiahbrewingco.com.
