Ukiah is home to the nation's first organic winery, first carbon-neutral winery, greenest winery, and is centrally located to over 30 tasting rooms. Experience wine from America’s Greenest Wine Region in casual, intimate settings. Most tastings are free and you’ll rarely have to wait. And, most likely, you'll meet the winery owners and winemakers in person. Below are some of the wineries surrounding Ukiah. For maps and more information about all Mendocino County Wineries, go to [www.mendowine.com](http://www.mendowine.com).
